TECH CENTER 1600/2900

In reply to the Notice to Comply With Sequence Rules (Paper Nos. 9 and 10) issued in the above matter on March 1, 2002, Applicant requests that a new disk file be opened for the above-captioned application. The Sequence Listing disk submitted on December 21, 1995, in the parent of the present application, U.S. Application No. 08/576,759, filed December 21, 1995, contains the identical sequence information as that in the present application. In accordance with 37 C.F.R. § 1.821(e), it is respectfully requested that the computer readable form filed in that parent application be used as the computer readable form for the present application. It is understood that the U.S. Patent and Trademark Office will make the necessary change in application number and filing date for the present application. A paper copy of the Sequence Listing was included in the originally filed specification of the present application, filed on April 26, 2000. See MPEP § 2422.05.

In accordance with 37 C.F.R. §§ 1.821-1.825, the paper copy and the computer readable copy of the sequence listing are the same and do not introduce new matter.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
